(Application for admission)

The application to take part in the selection procedure, as well as the scientific-professional curriculum, and the publications, must be submitted electronically, under penalty of exclusion, using the special electronic application at https://pica.cineca.it/.
The electronic application requires the applicant to have an e-mail address in order to register with the system.
The applicant must enter all the data required to complete the application and attach the documents in electronic PDF format.
The application form must be completed in full, as indicated in the online procedure, and must be accompanied by:

- a signed scientific-professional curriculum vitae;
- a signed and numbered list of the academic publications attached;

- any documentation showing the details of the recognition decision in Italy, in accordance with current regulations, of the PhD obtained abroad. If such recognition has not been carried out, the candidate must attach documentation certifying the possession of the PhD and the 'declaration of value' issued by the competent diplomatic-consular representation in the country whose legal system the PhD pertains to, or other documentation useful for enabling its evaluation for the purposes of conducting the research;

No other form of submission of applications or documentation for participation in the procedure is permitted.

The date of electronic submission of the application for participation in the selection is certified by the computer system by means of a receipt that will be automatically sent by e-mail. Once the deadline for submission has expired, the system will no longer allow access and submission of the electronic form.

Each application will be given an identification number which, together with the procedure code indicated in the computer application, must be specified in any subsequent communication.

The procedure for filling in and sending the application electronically must be completed no later than 23:59 on December 18th, 2025.

The submission of the application must be finalised and completed as follows:

The candidate may request a postponement of no more than 30 days, provided that this is compatible with the activities covered by the assignment. Failure to sign the contract within the specified time frame will be considered a waiver of the position and removal from the ranking list.
